Important Changes

These changes affect registration, course selection, degree selection, graduation, and transfer for California community college students.

Payment Fee Policy

Students must pay their fees by the published due date to avoid being dropped from classes.

If you are unable to pay, explore your options at www.elac.edu/cost-tuition/fee-payment-policy

Common Course Numbering

Some course numbers and titles are changing to a streamlined statewide system.

Those who've taken courses under their previous name still count and do not need to retake courses.

Cal-GETC: General Education

Cal-GETC is the new general education pathway for students planning to transfer to a CSU or UC.

This only applies to new students starting Summer or Fall 2025.

Associate Degree for Transfer

If you've chosen an AA-T or AS-T major, your program has been updated to an ADT to support CSU transfer.

Meet with a counselor before reaching 15 units to stay on track.

If you changed your major after August 1, 2024, update your educational plan.

Academic Calendar

Unit Limit for Summer: 9 units LACCD District-wide

Per LACCD Board Rule, students are limited to a maximum number of units during each term/session. This Board Rule limits the total units a student may enroll into prior to the start of the term/session. East Los Angeles College may allow students to enroll in additional units. Students requesting overload units must obtain approval by an **ELAC counselor** based on the following criteria. A student may request to enroll in more than 9 units (9.5-14 units) if a second session is offered, and the student does not enroll in more than 9 units in one session.

Since Summer 2025, the Los Angeles Community College District (LACCD) implemented the Student Fee Payment Policy. This policy requires payment of enrollment fees by the assigned due date to secure their classes. Failure to do so will result in automatic disenrollment from unpaid classes prior to the start of the term. Upon registering,

students will see their payment due date displayed in the Student Information System (SIS) portal. For full details and important deadlines, please visit the [Payment Fee Policy](#).

Need help paying for classes? Visit the **Financial Aid Office** for support with grants, fee waivers, or other assistance.

It is the student's responsibility to be aware of all deadlines. Refer to the student portal for specific deadlines.

CHEM 212 • Organic Chemistry For Science Majors II (UC/CSU) • 5 Units

Requirement Designation: Meets Cal-GETC-5A and 5C

Enrollment Requirement: Chemistry 211

This course is a continuation of Chemistry 211 with emphasis on the remaining functional groups and aromaticity. Emphasis is put on reactions and reaction mechanisms, stereochemistry, multi-step synthesis of a variety of organic compounds such as aromatic compounds, alcohols, phenols, amines, heterocyclics, aldehydes, ketones, carboxylic acids and their derivatives.
