CAREER PATHWAYS

EARLY ROAD MAPS FOR SUCCESS

Our programs offer a clear Career Pathway. Using educational road maps that outline an aligned sequence of courses. This helps better prepare students, for college and career transitions in specific industry sectors.

FREE DUAL ENROLLMENT FOR YOUNG STUDENTS

ELAC's dual enrollment program has partnerships with LAUSD and MUSD which enables the college to offer multiple levels of free courses for middle & High School students. Many students are using dual enrollment to cut the time they need to spend in college, while parents see them as a great real money saver.

HERE ARE SOME BENEFITS OF DUAL ENROLLMENT:

- Less time required after high school to finish a college degree
- Provides students with a head start on the college experience
- Dual-enrollment classes often save students money on tuition
- Students have access to college libraries and resources
- Grades earned become part of the student's permanent transcript
- Students may be able to transfer credits earned to a four-year school
- Students may explore careers or fields of study that help them choose a major later
- Students may choose from classes not currently available at their high school

PREPARING TODAY FOR SUCCESS

Students learn critical workplace skills, explore careers options, earn credits that will apply towards Industry skilled certificates, Associates degrees, employment, or internships. In some cases credits are earned towards a four-year degree when taking UC/CSU University transferable courses.
