Completion of the IGETC satisfies all lower division general education requirements at most CSU and UC campuses, and some Independent Colleges and Universities. It is not an admissions requirement to most UCs and CSUs, nor is it the only way to fulfill lower division general education requirements. Some of the UC campuses do not recommend IGETC for certain majors (i.e. Engineering, Sciences). Students should consult with a counselor to determine the most appropriate general educational pattern for their major and intended transfer institution.

US1	**AMERICAN HISTORY** Historical development of American institutions and ideals **AFRO AM** 004, 005; **HISTORY** 006, 011, 012, 041, 042, 043, 044, 052, 058, 081, 082 College/AP/CLEP:				
US2/ US3	**US CONSTITUTION AND GOVERNMENT/ CALIFORNIA STATE AND LOCAL GOVERNMENT** **POL SCI** 001, 030 College/AP:				

Important Information

Note: A new GE pattern (Cal-GETC) will commence in the 2025-2026 academic year. Students beginning or returning to a CCC in Fall 2025 or later will be required to follow the upcoming California General Education Transfer Curriculum (Cal-GETC) requirements. Talk to your counselor about catalog rights for IGETC.

GRADE POINT AVERAGE

A course must have a minimum unit value of 3 semester or 4 quarter units and must be completed with a "C" or better, or Pass/Credit. A 'C" is defined as a minimum 2.0 grade points on a 4.0 scale. A grade of "C-"is not acceptable. The UC system allows a maximum of 14 semester units graded "Pass/No-Pass".

IGETC Certification

LAHC can certify either full certification (completion of all requirements in each subject-area) or partial certification: a maximum of two courses may be deferred and completed after transfer: Areas 1 and 2 must be completed prior to transfer.

Official transcripts of any coursework completed outside of LACCD must be on file prior or accompany the certification request. Courses taken at other California Community Colleges will be placed in the IGETC area identified by the offering college the term the course was taken. Courses taken at other regionally accredited colleges/universities may be used if the course content meets the IGETC area standards. See a counselor for more information.

Campus Considerations

- UC Berkeley- IGETC is not accepted by the Haas School of Business nor the College of Engineering. IGETC does not fully satisfy lower-division breadth requirements for majors in the College of Chemistry nor the College of Natural Resources
- UC Davis- All undergraduate colleges accept IGETC. However, for the Bachelor of Science degrees and selective majors, IGETC is not recommended; students should focus instead of completing major preparation and taking UC Davis general education pattern courses as time permits.
- UC Irvine- All Schools accept IGETC
- UC Los Angeles- All Schools accept IGETC. However, completion of IGETC is not required/encouraged for students applying to the School of Engineering; engineering students are instead encouraged to focus on lower-division major preparation prior to transfer. For the School of Nursing and the School of Theater, Film and Television, IGETC is required.
- UC Merced- IGETC is strongly discouraged but is accepted by the School of Engineering; students are encouraged to focus on lower-division major preparation. IGETC is not recommended but accepted by the School of Natural Sciences; students are encouraged to focus on lower-division major preparation. IGETC is recommended for the School of Social Sciences, Humanities, and Arts; students are encouraged to complete as much lower-division major preparation as possible.
- UC Riverside-IGETC is recommended for the College of Humanities, Arts, and Social Sciences. The School of Business Administration required IGETC. IGETC is not accepted for the College of Natural and Agricultural Sciences. The Marlan and Rosemary Bourns College of Engineering accept IGETC but some additional coursework may be required after enrollment.
- UC San Diego- IGETC clears all lower-division GE requirements for John Muir, Earl Warren, Eleanor Roosevelt, Thurgood Marshall, and Sixth Colleges; some upper-division courses will be required after enrollment. For Revelle College, IGETC does not clear all lower-division GE requirements; students with IGETC must complete 3 courses in mathematics and 5 courses in natural science before transfer or while enrolled at UCSD.
- UC Santa Barbara-IGETC is acceptable for the College of Letters and Science and College of Creative Studies. College of Engineering students are encouraged to focus on major preparation rather than general education, but may use IGETC to substitute for general education requirements. Students planning to transfer to UCSB into a major in biological or physical sciences, economics, engineering, computer science, mathematics, statistics, or psychology must be careful to complete lower-division major preparation courses to ensure competitiveness and make normal, timely progress through the major.
- UC Santa Cruz-For majors in engineering and the physical and biological sciences, IGETC is not recommended. Students should ensure completion of lower-division courses for their intended major as indicated in the UCSC Catalog and one assist.org.

DOUBLE COUNTING

Double counting within IGETC is not allowed. Although a course may be listed in more than one subject area, a single course may be used just once. The only exceptions to this are several courses in Area 6A—Language Other Than English, which can also be counted towards area 3B.

Courses Taken at Foreign Institutions

Foreign coursework may be applied to IGETC if the foreign institution has United States regional accreditation. All other foreign coursework cannot be applied to IGETC. Exception: Language Other Than English (LOTE).

PROFICIENCY IN A LANGUAGE OTHER THAN ENGLISH (LOTE)

Students can certify LOTE with high school transcripts that indicate completion of course work equivalent to two years or second level foreign language of the same foreign language. A grade of C- or better in high school is required in the second semester of the second level. Students can also meet this requirement by completing a higher-level foreign language course with a grade C- or better in the second semester. Students can also apply AP language Exams towards LOTE with a score of 3, 4, or 5.

IB Scores

A score of 5, 6, or 7 on Higher Level exams is required to grant credit for IGETC area where acceptable as determined by the IGETC Standards 2.4 version.

Do I have to fulfill Area 7 Ethnic Studies?

Students who are first-time students as of Fall 2023 or later will need to complete the Area 7 Ethnic Studies requirement for full certification (one course in Area 7 and two courses in Area 4). Consult with a counselor for more information regarding which catalog rights you are allowed to assert (i.e., if you maintained continuous enrollment at a CCC, CSU or UC).

Restrictions:

A student who is initially enrolled at a UC and is returning to the same UC campus (after attending a community college) is considered a "readmit' and cannot use IGETC. However, students who initially enroll at a UC, attend a community college and return to a different UC campus, may be able to use IGETC, but should check with a counselor and/or the campus you wish to attend. This restriction does not apply to students who have taken UC summer session or extension classes only.

AP SCORES

AP scores of 3, 4, or 5 can be used to satisfy IGETC area where acceptable as determined by the IGETC Standards 2.4 version.
