Procedure for Admission to the Los Angeles Harbor College Nursing Program

Attend an Information Session

It is required that interested prospects attend a Zoom Nursing Information Session within one year of applying to the nursing program. Proof of attendance will be provided and is required to be included with your application. Find dates on the Nursing website, under *Prospective Students*.

Completion of the nursing program pre-requisites

- It is required that students attend one of the zoom information sessions. Dates are published on the website: lahc.edu → [Programs & Majors](#) → [Nursing](#) → [Prospective Students](#).
- Applicants that have not taken courses at LAHC need to apply for admission to Los Angeles Harbor College to obtain an LACCD student identification number and student email (@student.laccd.edu).
- Applications can be found online: lahc.edu → [Programs & Majors](#) → [Nursing](#) → [Prospective Students](#). **Applications will only be accepted during specified periods** (check website for exact dates and times). *No applications will be accepted before or after designated dates.*
- **Transcripts** (high school and college) - Applicants are required to attach unofficial or official sealed transcript(s) with their Nursing application.
 - Official transcripts from other colleges must also be sent directly from the college to the LAHC Admissions office. (No hand carried transcripts are accepted in Admissions).
 - Foreign students must have official sealed transcripts and sealed evaluation stating U.S. equivalency attached to application.
 - **IMPORTANT NOTE: DO NOT HAVE ANY SCHOOL SEND A TRANSCRIPT DIRECTLY TO THE NURSING DEPARTMENT. ALL REQUIRED TRANSCRIPTS MUST BE ATTACHED TO YOUR APPLICATION. TRANSCRIPTS SENT DIRECTLY TO NURSING BY A SCHOOL WILL NOT BE MATCHED UP TO APPLICATIONS.**

Admission is based on our Multi-Criteria Process & Random Lottery ATI TEAS

- Applicants must pass the ATI Test of Essential Academic Skills (ATI TEAS) at 62.0% or higher.
- Applicants who have **previously taken** the ATI TEAS will be instructed to have test results sent from the ATI website directly to the Nursing department. **Only the first score is accepted.**
- Previous versions of the ATI TEAS will not be accepted.
- For those who **have not taken** the ATI TEAS: 50% will be selected by the multi-criteria point system (highest points prior to ATI TEAS will be selected); 50% of the applicants will be selected by random lottery
- Selected applicants will be invited to take the ATI TEAS with LA Harbor Nursing.

Admission

- All applicants who pass the ATI TEAS will be eligible for admission and determined by the following: 50% will be invited by the multi-criteria point system; 50% of the applicants will be selected by random lottery.

After Acceptance into the program

- Incoming students must attend a mandatory orientation session for first semester and LVN students. During orientation, students will be informed of program requirements such as personal background checks and all health requirements as well as LAHC student support services.

- A student must be in adequate health to perform the duties of a nurse. Students are required to have a physical examination.

Tips for Success in the Nursing Program

- Attend Family Night—look for a special invitation prior to the start of your first semester.
- Make sure members of your support system (family, significant other, friends, etc.) understand your need to be totally committed to the program from your first day as a nursing student until your graduation.
- If you work over 10 hours per week your chances of success are greatly reduced. Approximately 24-36 hours per week of studying outside of class and clinic hours is to be expected in order to be successful. We do not recommend working while enrolled in the LA Harbor ADN program.
- Contact the Board of Registered Nursing at <https://www.rn.ca.gov/> to see if any past legal problems will prevent licensure.
