The student representation fee of \$2 provides support to governmental affairs representatives to express the opinions and viewpoints of community college students regarding education and social issues before city, county and district government offices and agencies at the local, state and federal level. Opting out of paying the \$2 student representative fee reduces the ability for student body organizations to lobby on your behalf.

If you are considering Opting out of paying the ASO fee, you will not be eligible to receive the following benefits. To proceed, please read and take appropriate action.

The advantages of ASO membership differ from campus to campus but may include some or all of the following:

- * Preferred parking or a discount on the cost of the parking permit.
- * Access to student clubs and leadership positions.
- * Other benefits as provided by your college ASO office.
