Figure 5. 1 LAHC Degrees and Certificates Awarded, 2017-18 to 2021-22

**Associate in Arts/Science Degrees (AA/AS):** These degrees are intended for students who wish to acquire knowledge, skills, and competencies required for employment in a field related to the major or for transfer to a four-year institution. These degrees are not specifically designed to meet transfer requirements.

**Associate in Arts/Science Degrees for Transfer (AAT/AST/STU):** These degrees are intended for students planning to transfer into a Bachelor of Arts/Science program in the same or related subject at a California State University (CSU), guaranteeing admission to the system (but not to a specific campus), and priority consideration for admission to the equivalent CSU program.

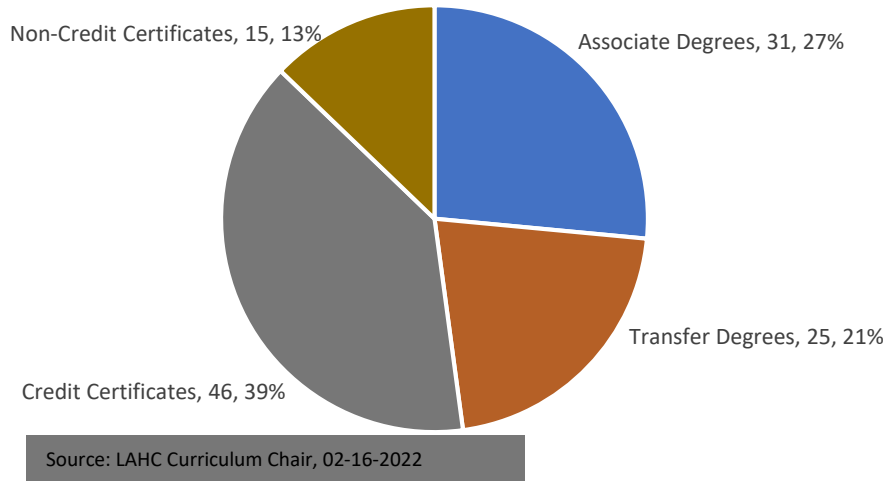

**Certificates of Achievement (CA):** These credit certificates are intended for students who wish to acquire knowledge, skills, and competencies required for employment in a field related to the major. Most require a minimum of 16 units, although some may require as few as 8 units.

**Skills Certificates (SC):** These credit certificates are intended for students who wish to build skills for personal development or those that may be applicable to employment in a field related to the major. Skills Certificates do not appear on student transcripts.
