

# AI : ARTIFICIAL INTELLIGENCE

AI should **support** your **learning**, not replace it.

Join the ARC's free hybrid AI workshops! Level up your study game by learning the tools that are reshaping the future without losing your own critical thinking skills. Join us for a hands-on lab where you'll learn to navigate the ethics of AI with confidence, prompt like a pro, and leverage tools to study smarter.

Workshops can be attended in any order. Each workshop provides standalone value.

Students, Faculty, and Staff are encouraged to attend. Faculty can receive PD credit through the VRC.

**Mondays | 1 PM - 2 PM |  LARC 201 + [Zoom](#)**
