

STUDENT EQUITY FUNDING FORMULA FACTORS
California Community Colleges Chancellor's Office
August 2014

FACTOR 1: Annual FTEs	Weight: 40%
Coverage: This measure includes all students. Measure: Total annual FTEs for credit and noncredit students. Data Source(s): FTEs: California Community Colleges Chancellor's Office CCFS-320 Reporting System	
FACTOR 2: High Need Students	Weight: 25%
Coverage: This measure includes all students. Measure: Annual volume of unduplicated headcount of students receiving a Pell Grant. Data Source(s): Pell Grant Status: Chancellor's Office Data Mart	
FACTOR 3: Educational Attainment of Residential Zip Code	Weight: 10%
Coverage: This measure includes all students. Measure: Annual volume of unduplicated headcount of students enrolled who reside in a zip code in California within the lowest two quintiles of educational attainment. Educational attainment is defined as the percent of adults (25 and older) having attended some college but earning no degree or lower. Data Source(s): - Student Headcount: Chancellor's Office Management Information System (COMIS) - Individuals Attending Some College But No Degree: Economic and Social Research Institute (ESRI) ArcGIS 2013 Estimates	

FACTOR 4: Participation Rate	Weight: 5%
Coverage: This measure includes students 18-24 years of age residing within a district legal boundary with households geographically located within a district legal boundary. Measure: This measure is a ratio expressed as a rate of enrolled students per 1,000 comparable individuals within a district boundary. The numerator is an annual volume of unduplicated headcount of students aged 18-24 years residing within a district boundary. The denominator is a Census-based estimate of individuals aged 18-24 living within a district boundary. Data Source(s): • Student Headcount: Chancellor's Office Management Information System (COMIS) • Individuals Living Within A District Boundary: Economic and Social Research Institute (ESRI) ArcGIS 2013 Estimates	
FACTOR 5: Poverty Rate	Weight: 18%
Coverage: This measure includes households geographically located within a district legal boundary. Measure: Percent of households with annual household income less than \$25,000 (ESRI), which approximates the Federal poverty level (\$23,850). Data Source(s): • Economic and Social Research Institute (ESRI) ArcGIS 2013 Estimates	
FACTOR 6: Unemployment Rate	Weight: 2%
Coverage: This measure includes individuals 16 years of age and older residing within a district legal boundary. Measure: Percent of individuals 16 years of age and older who are unemployed living within the district boundary. The numerator is the number of individuals 16 years of age and older who are not employed. The denominator is the number of individuals 16 years of age and older residing within the district boundary. Data Source(s): • Economic and Social Research Institute (ESRI) ArcGIS 2013 Estimates
