

ADDICTION STUDIES

Make a DIFFERENCE... in as little as 2 years, you can prepare to help others find a new direction in their lives and begin the road to recovery.

Career Options Include: Inpatient Treatment Centers; Outpatient Treatment Centers; Hospitals; Recovery Homes; Halfway Houses; Methadone Clinics.

OPTIONS: Degree & Certificate

Both the Associate of Arts degree in Addiction Studies and the Certificate of Achievement prepare students to take the written licensing exam for either the California Association of Alcohol and Drug Educators (CAADE) or the California Consortium of Addiction Programs and Professionals (CCAPP). Several classes may be used for continuing education credit for CA clinical or addiction licenses or public safety professions.

**West Los Angeles College is an
ACCJC-Accredited community college. !**
